SURVEY FOR PARENTS OF CHILDREN RECEIVING EARLY CHILDHOOD AND PRESCHOOL EDUCATION

Dear parents,

We want to develop early childhood education together with you. By completing the survey you can tell us your thoughts and experiences about your child's early childhood and preschool education.

It is important for us to receive as many completed surveys as possible. If there are many children in your family, we hope you can complete a different survey for each child. Completing the survey takes around 10 minutes.

The survey will be open from the 15th of April until the 15th of May at www.feelback.com/kotkaph

On the first page of the survey you will be asked for the child's early childhood education unit code.

The code for your unit is **XXXXXX**

Completing the survey is confidential. The identity of an individual respondent will not be visible at any moment.

The technical implementation of the survey is carried out according to our instructions by Feelback Oy. Their customer support helps you with any questions related to the survey, by calling 020 743 3980 or via email at info@feelback.com.

Thank you for your cooperation
